Trusted by Generations:
Mother & Son
Hii Lu Yung (ELS 1992) &
Gabriel Wong (ELS 2025)

I studied at ELS in 1992, and now my son is following in the same footsteps. He has shown great improvement in his English language skills and has developed positive learning habits throughout his studies at ELS. Even after 33 years, ELS still holds a special place in my heart.

Trusted by Generations:
Uncle & Nephew
Yazid Banafea (ELS 2014) &
Abdullah Banafea (ELS 2025)

ELS is a very great memory for me, I studied here 10 years ago, starting from Level 101 and completing 109 with a Gold Certificate. I've since recommended ELS to many family members like my cousins, and now my nephew because I truly believe it's the best place to start.

ELS opened the door for me to study abroad! Before, I couldn't speak English at all - but now I can speak confidently and fluently. In a new English environment, ELS helped me grow from stuttering to speaking bravely.

SuoQi (Katherine),
China

Studying at ELS has been one of the best experiences of my life! During my 6 months here, I improved my English skills a lot and gained so much confidence in speaking. The teachers are very supportive, and I had the chance to meet amazing friends from all around the world. ELS truly helped me grow both academically and personally - it's a place I'll never forget!
