IMPROVE YOUR ENGLISH WHILE EXPLORING MALAYSIA

Looking for an enriching and meaningful experience that combines learning, cultural exploration, and personal growth?

PROGRAMME OVERVIEW

ELS' Holiday English Programme develops all four core language skills: listening, speaking, reading and writing through interactive, student-centred classes.

Lessons are engaging and discussion-led, giving you plenty of opportunities to practise real-world English with classmates from around the world.

ELS engages students through dynamic, impactful lessons in student-centered classrooms:

- Discussion practice
- Small-group activities
- Role-playing and problem-solving exercises

This is a short-term intensive programme that helps you improve your English while discovering Malaysia's cities, culture, and natural beauty!

LEARNING OUTCOMES

After completing the programme, you will:

- Speak English with greater confidence
- Share ideas naturally in conversations and group discussions
- Think more clearly and creatively in English
- Connect with students from different countries and cultures

LEARN ENGLISH AT YOUR LEVEL

We believe students learn best when studying with others at the same English level.

Before the programme starts, you will take our simple placement test. Your results help us place you in the perfect class for your current English level – learning alongside others who share the same skills and goals.
